

Free Healthy Lifestyle Webinars started

In these unprecedented times it is important to consider your and your loved ones' health and wellbeing. As we can't hold community group programs nor presentations for an undetermined period of time we would like to invite you to participate in some free healthy lifestyle webinars. The first webinar on meditation was a success, thanks to Dr Nitin Gupte and all the participants.

Please see the advertisement in this paper for some more information. If you are interested in participating (or if you would like to present a webinar in your area of expertise) please contact Karen Innes-Walker, Health and Wellbeing Coordinator on mobile, 53969 or by email, karen.walker@hospital.gov.nf.

Please continue to help us limit the impact of coronavirus on our small community by taking advantage of our telehealth service. Stay well everyone.
