

NIHRACS - Position Vacant – Casual ICT Support Officer

NIHRACS is seeking applications for a Casual ICT Support Officer.

The position will have responsibility for providing project support and leave relief as part of the overall maintenance of a robust and effective system for service delivery, security, disaster recovery, network and WiFi services, communication services, backup and data archiving services. The role will also include supporting the clinical and business operation of NIHRACS and will include projects across various Departments.

The person will need to meet the following selection criteria:

1. Qualifications in IT or equivalent IT experience.
2. Functional knowledge of IT network operation (IP addressing, routing, VLAN, firewalls etc) and knowledge and experience in management of data backup and disaster recovery.
3. Excellent verbal and written communication skills.
4. Preferably demonstrated ability to work in a multidisciplinary team in a clinical related environment.
5. Excellent analytical and problem solving skills and the ability to use these in time critical situations.
6. Demonstrated ability to independently plan, coordinate, lead, manage and execute IT projects involving multiple stakeholders and end users.
7. Commitment to ongoing development of IT related knowledge.

Award: Health Employees (State) Award
